FIFTEEN CENTS

First Paul Revere, Now Ben Franklin!

Benjamin Franklin was 70 years old when he signed his name to the Declaration of Independence in 1776.

That would make him 270 years old today, but that won't keep him from riding in the firemen's parade here Saturday.

Anything is possible when the Antioch Bicentennial Committee is at work. Last month they had Paul Revere riding his horse through town, chased by British Redcoats.

The appearance of Ben Franklin will be part of the 43rd annual Lake County Firemen's Convention which starts at 8:30 Saturday morning.

It should be a super show for the kids (and you grown-up kids, as well). Fire fighters from throughout Lake County will be competing in a series of events in the area of Broadway Street, west of the Antioch fire station.

Trophies will be presented for such competitions as "three-

man hydrant hookup," "hose rolling" and "five-man bucket brigade."

A six-mile parade will start at 12:15 p.m. and will tour most of the village, including Oakwood Knolls. It starts and ends at the fire station.

The parade will include all of the engines and chiefs' cars that are participating in the convention.

Water fights will start at 2:30 p.m. as the various Lake County departments compete for points

toward the 1975 "Grand Trophy."

Top High School Students Are Showered With Awards

Parents, teachers and friends of Antioch High School's outstanding students enjoyed a breezy and interesting honors program at the school last Thursday.

Many of the awards were presented by local citizens and representatives of various organizations. Others were given by Arthur E. Belcke, the school's principal, and Edward L. Kurek, director of curriculum and guidance, who kept the

program moving in a casual and pleasant style.

ONE OF THE highlights was the remarkable total of 69 students who have maintained a perfect 4.0 (straight A) average for four years.

Three students had perfect attendance records for four years: Ray Baczynski, Al Franks and Gary Klean. Robert Blecke missed only one day of school in four years, and that was to attend the funeral of a close relative.

George Pierce received an appointment to the Air Force Academy in Colorado and Wendell Burris received a scholarship, worth \$1,600, to attend any one of the 290 colleges around the country that have Army ROTC programs.

"If I know Wendell," quipped

Principal Blecke, "he probably will go to all 290 of them."

Wendell also received a \$100 award for excellence in mathematics, a national merit scholarship letter of commendation and, along with Albert Franks, an award for outstanding dedication to the school newspaper.

A complete list of honors follows.

American Legion, Outstanding Girl - Class of 1975 - Marla Kessler; Outstanding Boy - Lawrence Lloyd; Boys State - Greg Mieure; Alternate, Phil Toal.

American Legion Auxiliary, Girls State, Christine Walpole; Alternate Amy Ploss.

Chamber Makes Plans For July 6 Art Fair

The municipal parking lot west of Broadway, near the water tower, will be the site of an Arts, Crafts and Antiques Fair on Sunday, July 6.

The third annual fair sponsored by the Antioch Chamber of Commerce will attract visitors from the Chicago and Milwaukee areas, as well as from neighboring states such as Iowa.

Last year, when the event was held on the downtown sidewalks, there was even an exhibitor from Kentucky.

THE CHAMBER has decided to centralize the fair in one area this year and nearly 200 spaces have been mapped out in the big parking lot.

Already, about 100 of them have been rented. Amateur and professional artists, as well as craftsmen and antique collectors, are reserving the spaces. Many local artists are included. Civic groups will participate by

setting up booths to serve food and soft drinks.

The Antioch Bicentennial Commission also will have a booth.

MUSIC WILL be provided by the 5th Army Band of Fort Sheridan, playing beneath the water tower.

MEMORIAL DAY CONFUSION

One of the biggest events of May in many states is the annual observance of Memorial Day, a time set aside to honor our dead by patriotic parades, decoration of graves and other commemorative events. But in Illinois, Memorial Day—a celebration to bring people together in a common purpose—has caused discord.

When Illinois decided not to go along with a federal change in the celebration date from the May 30 date to the last Monday in May, the Legislature created two Memorial Days for the state.

The dual dates have caused statewide confusion. Federal employees and those working for most businesses celebrate their Memorial Day on the last Monday in May, while state employees and most schools have a holiday May 30.

Attempts to eliminate the problems caused by the two dates have faltered in the Legislature. One bill, S. 77, sponsored by Senator Jack Schaffer (R—Crystal Lake), to conform the Illinois and federal dates, is stalled in the Senate.

Forty-two other states, including all of Illinois' neighboring states, celebrate Memorial Day on the federal date, and six of the states that do not hold the federal date also do not hold May 30.

There is little historical significance to May 30. The formal observance of Decoration Day—now Memorial Day—began in 1868 when an Illinois native son, General John A. Logan, then commander-in-chief of the Grand Army of the Republic, issued an order appointing May 30 of that year for the purpose of decorating the graves of Union soldiers lost in the recent war. His action came after hearing that confederate women were decorating graves of soldiers with spring flowers at that time.

Too much attention has been given to the date and too little to the event it commemorates. It would seem better for Illinois to follow the national lead so our citizens could celebrate a truly commemorative and family holiday together.

The Romans believed that if one of their leaders drove a nail in the Capitol on September 15th, a pestilence could be stopped or a calamity averted.

The Town Crier

Shakespeare asked, "What's in a name?" ... and we got the answer when the Upper Grade School track team was competing in its conference meet.

Dick Verkeyn manages the Antioch Firestone store and his son, Dan, is almost unbeatable as a sprinter on the Upper Grade school team.

Dan won three ribbons at the conference meet. In fact, only one boy could outrun him — a boy who won five ribbons and beat Dan Verkeyn out of a conference record.

His name? Matt Firestone.

Oh well, if somebody can run faster than his son, Dick Verkeyn is glad that at least it's a Firestone.

SOMEBODY IS spreading a rumor that I lost some more money on the golf course to Vern Thelen.

Well, it's true. My most recent lesson from Vern cost me only \$3. It could have cost \$13, because we were playing the last hole for \$10. Fortunately, my partner on this occasion, Bob Pedersen, hit a sizzling iron shot to the 18th green to save me. (It seems I hit my first shot behind a tree, my second shot into a sand trap. Why does this always happen to me when I'm playing for money?)

This was the third time I played against Vern Thelen and the third time I lost.

I told a fellow who works for him that pretty soon I am going to beat that smiling redhead.

"Ho, ho," the man said. "Don't count on it. I've been playing him for five years and I've only beaten him once."

IT'S DIFFICULT to drop in at Teresi Chevrolet-Oldsmobile and not recall some "good old days" of football in Kenosha.

Two of John Teresi's key men were big stars in that city a few years back. Did you know that Denny Lento was an all-confer-

BARRY GOLDWATER

Soviet Navy Flexes Muscles

By SEN. BARRY GOLDWATER

While American officials kept their attention riveted on the unhappy peace in Vietnam, the Soviets were busy playing war.

The Russians took the occasion to try out their newest instrument for achieving world domination — their navy.

Thus, while Americans argued about refugee problems in Southeast Asia, the Soviets held their first global naval maneuvers.

In what may have been the largest peacetime exercise of its kind, the Russians deployed more than 200 combat vessels.

THE MANEUVERS included the Atlantic, Pacific and Indian oceans, the waters off Norway as well as the Caribbean and Mediterranean seas. All four Soviet fleets — the Northern, Baltic, Black and Pacific — were used in the co-ordinated exercises.

According to neutral observers, they used antisubmarine, anticarrier, convoy-escort and amphibious phases.

They also made operational tests of new doctrines, weapons and ships which the Soviet Union has added to her naval forces since 1970, when the last such games were held.

THESE ENORMOUS maneuvers — taken with increases in Soviet defense spending (in real terms) by more than 5 percent a year since 1965 — present a disturbing picture for Americans. Congress has slashed American spending for defense every year since 1969.

What this means is that right

now Russia is spending 25 percent more for defense than the United States. The U.S. fleet now has fewer warships than it had two years before Pearl Harbor, but Congress doesn't seem to understand what this could mean. Its members already are talking of a cut in defense spending of between \$3 billion and \$5 billion.

WHENEVER THESE realities are pointed out to the liberals in control of Congress, they start talking of detente and an easing of tensions between this country and the Soviet Union.

But I still haven't heard a good answer to my question of why the Russians feel they have to build the biggest fleet in the world if relations are so amicable.

And, of course, no one wants to think, let alone talk about, the possibility that the Soviets are not at all sincere.

NBC SPORTSCASTER JEANNIE MORRIS rises to the occasion of an interview with Wilt Chamberlain, former Los Angeles Lakers NBA basketball star and all-time leading scorer. Mrs. Morris, wife of Johnny Morris, the NEWSFIVE sportscaster, has a television career of her own with WMAQ-TV. Guest Speaker At June 4 Event

Continued from page 1

Mrs. Morris, whose husband, Johnny, is the NEWSFIVE sportscaster and former all-pro wide receiver for the Chicago Bears, began her television career with WMAQ-TV in 1969.

She provides unique features on a wide variety of subjects during her thrice-weekly "Jeannie's Journal" segment on Channel 5's 5 p.m. NEWSFIVE REPORT.

She also has covered a number of events for the NBC network, including an in-depth interview with Pittsburgh Steelers owner Art Rooney during the Super Bowl IX pre-game show.

A writer, too, Mrs. Morris has completed a book to be published in September of 1975 (Rand McNally), on a year-long tour with her family (two boys

and two girls) covering 2,000 miles of Europe and Russia.

During the trip, the family journeyed from place to place in a camper. Their tour included Christmas in Yugoslavia, skiing New Year's Day in Austria, a month on Crete and a 2,700 mile trip through Russia.

Jeannie earlier penned "Brian Piccolo: A Short Season," the story of the Chicago Bears fullback who died of cancer. Paul Zimmerman of the New York Times said about the book: "The football sequences all ring true. The emotion is never contrived. Jeannie Morris has written a rare and beautiful book."

She has also written newspaper and magazine feature stories and articles and previously had her own column in the Chicago Today newspaper.

The Morris family lives on a

Sprains Officer's Wrist, Floods Cell

A policeman's sprained wrist, charges of criminal damage to state property, and aggravated assault were the results of violence by a 20-year-old youth last Wednesday night.

At 11:30 p.m. Antioch officers Stan Revell and George Gialds answered a report of broken windows at the intersection of routes 173 and 83. Four witnesses told the police they heard and then saw a figure approach them in the Arco station lot.

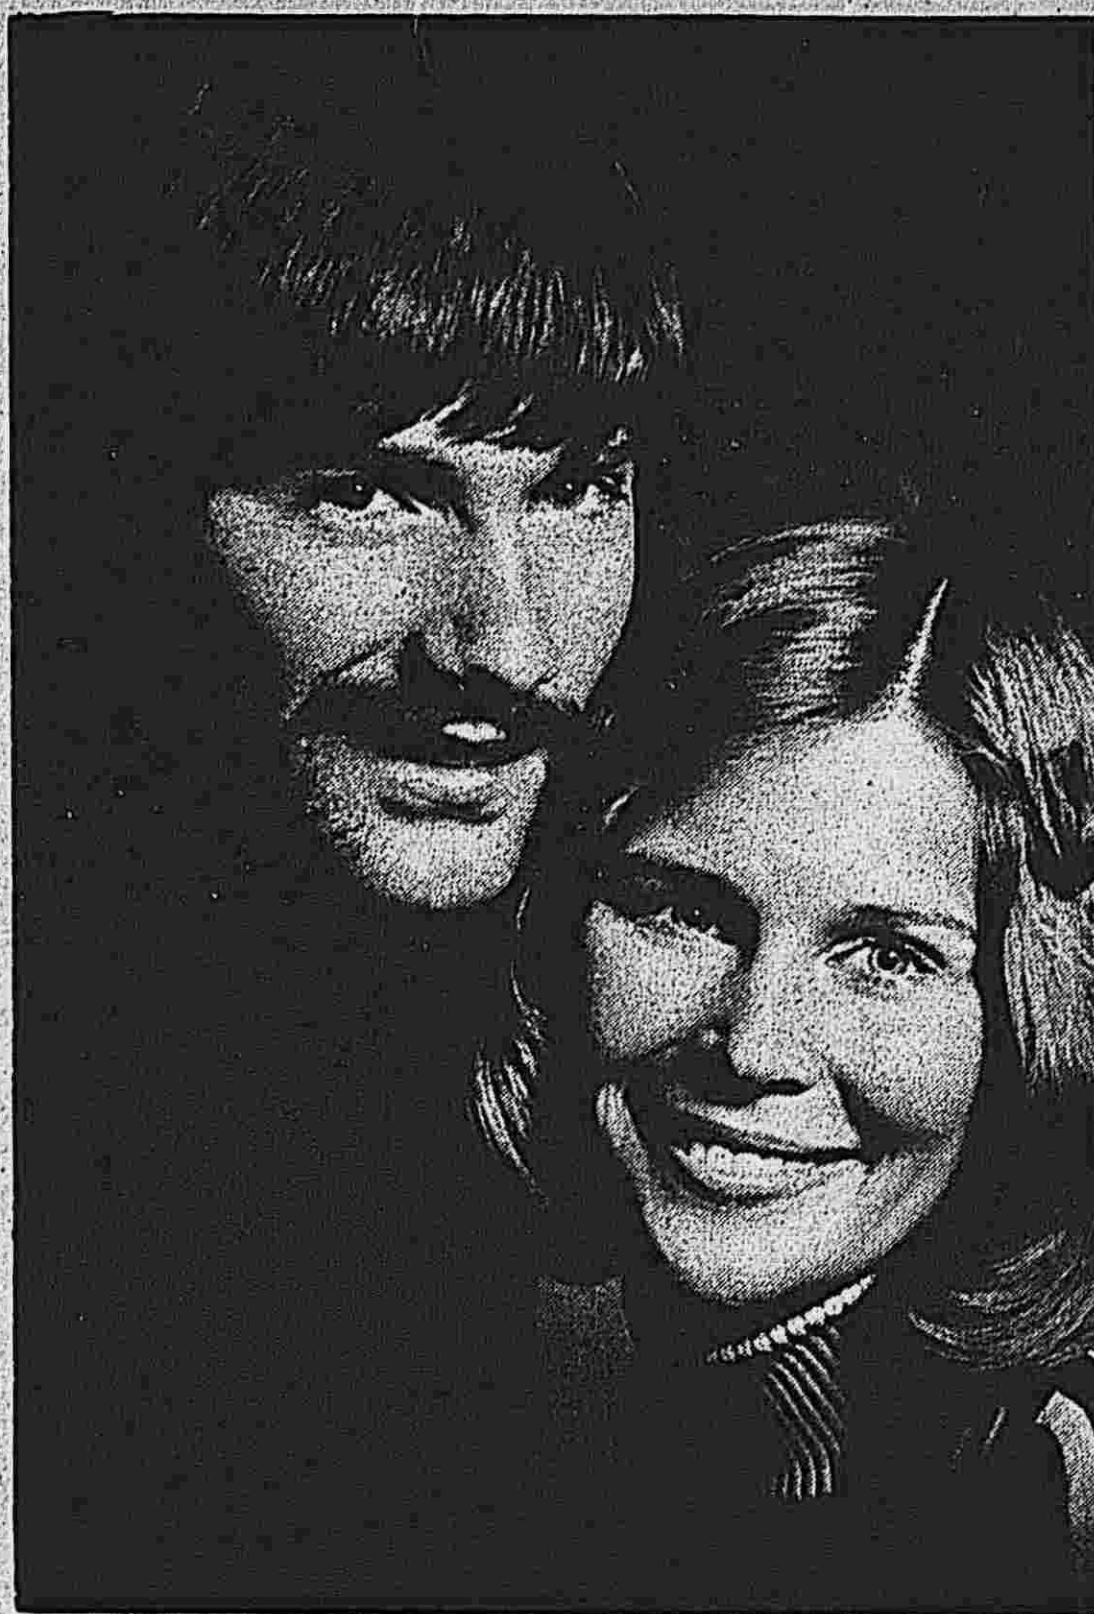

As he approached, they said he wanted to fight all four of them, then threw a beer can. According to the police report, he informed the four that he had just broken seven windows at the high school. Witnesses said

he then ran and hid in a nearby field when he saw squad cars approaching the intersection.

Revell and Gialds checked the high school and found three 3-foot by 4-foot windows broken out at the southwest entrance. Damage was estimated at between \$300 and \$400.

The witnesses then called the station again, reporting that the youth was seen hitchhiking on Rt. 173. The officers returned, apprehended him and brought him into the police station, where he had to be forceably restrained by Revell and Sgt. Chuck Miller.

After booking, he was placed in a cell pending the posting of his bond. On route back to the high school, Miller and Revell

Chicago Area Man Drowns At Lake Marie

Lake Marie, west of Antioch, was the scene of a drowning early Sunday morning. Dead is Raynaldo Diaz, 20, of Franklin Park.

The tragedy occurred near Rudy's Resort, where Diaz and a group of friends were swimming. According to reports heard by Fire Chief Tod Mapleshorpe, the victim could not swim and slipped off an inner tube.

The Antioch Rescue Squad responded to a call from the man's friends, and were joined by other rescuers including the Lake County Underwater Recovery team. Their divers recovered the body at 8:20 a.m. Time of death was estimated at 2:30 a.m.

Upper Grade Student Exchanges Letters With Famous Author

Class projects at the grade school level really can be relevant and motivating. Such was the experience of Antioch Upper Grade School's Sandra Young, 622 Hickory St., Lake Villa.

The eighth grade language arts class was asked to read novels on the theme of man as an individual in society. Students chose various related projects including art and creative writing. Sandra's project was to write and express her opinion to an author whose work had greatly impressed her.

"Black Like Me," by John Howard Griffin, was especially meaningful to her. The book

tells of Griffin's experience in temporarily "changing his race" to raise the conscience of American society. This was Sandra's letter to him:

Dear Mr. Griffin:

I am a student in the eighth grade at Antioch Upper Grade School. I have read your book entitled "Black Like Me." I feel it is a great piece of work. I look up to you for going through what you did and I also feel that anyone that helped in anyway deserves a lot of credit. I am very interested in the subject of prejudice and discrimination and any of your other work. In my opinion this is one of the best books I have ever read. I would appreciate a reply if it wouldn't

be an inconvenience to you. Thank you very much for your time.

Sincerely,
Sandra Young

P.S. My address is above.

SANDRA RECEIVED the following reply from the author of more than 11 books, international lecturer and recipient of many honorary degrees and awards.

Dear Sandra Young,

Your letter of April 19 took a long time reaching me, arriving only this morning. Thank you so much for taking the time and trouble to write me.

The next edition of "Black Like Me" will carry an epilogue bringing the book up to date, and also, I believe, a group of photos showing me when I was black.

My only other book on the subject of prejudice is called "The Church and the Black Man," and describes the events of the 1960's, particularly the problems of black people in the inner cities. I have also just finished a series of documentaries on racism and communications at the world level, and these will be run on National Public Radio sometime in the fall. You might look for them.

Forgive me if I keep this letter short. I am not well and have to spend most of my time out of bed working on a new book. I do appreciate your writing me, and I send you my very best wishes.

Sincerely
John Howard Griffin

THE OLD

FARMER'S ALMANAC

JUNE 2-8, 1975

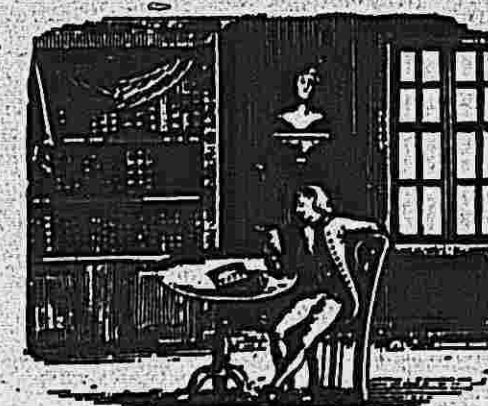

The fields are now drowsing in the sun.

If you see sawdust now at the base of your dogwoods, lilacs, and birches, you have borers . . . P. T. Barnum began his first circus tour June 2, 1835 . . . Strawberries ripening now . . . Average length of days for the week, 15 hours, 9 minutes . . . American Indian received citizenship June 8, 1924 . . . Government began withholding Income Tax June 8, 1943 . . . A man between two lawyers is a fish between two cats.

Old Farmer's Riddle: What is it which, if you even name it, you break it? (Answer below.)

Ask the Old Farmer: People from Nova Scotia used to be known as "blue noses." They also named one of their most famous sailing vessels the "Bluenose." Where did the name come from? T. M., Battle Creek, Mich.

We have always been told that it gets awfully cold in those parts, so cold that noses turn blue and stay blue.

Home Hints: To keep the bottom crust of fruit and custard pies from getting soggy, brush the crust with a slightly beaten egg white and put it into the oven for five minutes before pouring in the filling. The crust stays tender, too . . . Riddle answer: Silence.

KEN SMOUSE

'Butterflies Are Free' Opens Saturday

"Butterflies are Free" will open this Saturday at PM&L Theatre in Antioch. Bob Junius and Lori Tull, students at the College of Lake County, have the lead roles in this poignant comedy about a blind young man trying to face the world on his own.

Betty Smouse and Tom Hausman, well-known PM&L thespians, play supporting roles that activate the play's conflict.

BEHIND ANY successful production a good cast, crew and script are essential, but the one who puts them all together is the director. He must see the play as he hopes the audience will see it, and his coordinating talents are indispensable to a good production.

PM&L has the talents of Ken Smouse as director of "Butterflies are Free."

Ken was one of the charter members of PM&L and has directed during every season since its beginning. Some of his more recent successes have been "Arsenic and Old Lace," "Man of La Mancha," and "The Sound of Music." He played Captain Von Trapp in "The Sound of Music" and also had roles in "Guys and Dolls," "South Pacific," and "Once Upon a Mattress."

Be a first nighter. For reservations call 395-3055. If you can't make it this Saturday, come June 6, 7, 13 or 14.

What to look for when you're looking for an air conditioner.

Before you choose an air conditioner, ask the dealer for its energy efficiency ratio. This number tells you the efficiency of a unit. An air conditioner with an EER number of 8 or above will be thrifty for you electrically.

The EER number is computed by dividing the BTUs by the watts. A 12,000-BTU unit that uses 1500 watts will rate an 8. If the EER doesn't appear on the tag or metal nameplate, use this simple formula yourself. It's a worthwhile exercise that can pay off in electric dollar savings over the long run.

Don't buy too much capacity. Surprisingly, an air conditioner that's too big usually won't keep you as comfortable as a smaller unit.

So measure the space to be cooled before you go to the dealer. Also note any doors that might let cool air escape, or windows that might let direct sunlight in. The dealer will have charts to translate your notes into the right air conditioner selection.

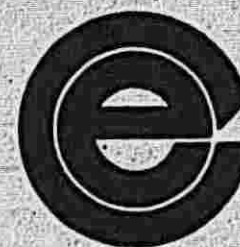

Some tips on cutting cooling costs.

Keep the warm air out and the cool air in with proper insulation and weather stripping where you need it. Block out the sun by drawing drapes. And locate the air conditioner on the shady side of your house, making sure to seal any leaks in the window after you put it in.

It makes a lot of sense to buy an air conditioner that starts efficient and stays efficient. Saving energy always makes sense. And when summer's over, you'll find the extra care was worth it—in dollars and cents.

ACHS Receives Accreditation

Antioch Community High School has received notice of full accreditation from the North Central Association without any deficiencies for the 1974-75 school year.

It was announced at last week's board of education meeting. The school has been recognized continuously since 1934 by the association for secondary schools and colleges.

Board approval was granted for salaries of all staff, with raises averaging 11 percent. This comes in response to a teachers' committee recommendation for salary increases.

In other action, the board designated Frank Johnson as chairman and James Walsh and

Kenneth Wierschem as a committee to prepare the tentative budget for the 1975-76 school year.

The resignation of Judi Hebenstreit, speech teacher, was read and accepted with regret, Superintendent Warren Polley said.

Wick Building Systems has been granted the contract for construction of a 50 by 50 foot bus maintenance building.

Midgets To Race Sunday at Lake Geneva

Forty entries have been received by Toft Auto Racing for the United States Auto Club midget car races at Lake Geneva Raceway Sunday night.

Entries have been received from California in addition to Indianapolis and the Chicago area.

In the eight event program, the drivers will be out to upset the 1974 champion, Mel Kenyon of Indianapolis. Kenyon will drive a new Volkswagen-powered racer. The powerplant is the same as the one used by A.J. Foyt in winter racing in Australia.

Time trials begin at 7 p.m. and racing at 8.

The field includes Jimmy Caruthers of Anaheim, Calif.,

Many telephone calls are received by the Rev. Francis L. Johnson of St. Peter Catholic Church, but few are like a recent conversation.

An unidentified woman called the priest to inform him that money taken from Kumst Grocery and Meat Market, Rt. 83 and Grass Lake Road, could be found in a brown bag in a Please turn to page 14.

who drove on Memorial Day in the Indianapolis "500."

Caruthers is one of the "young lions" making their mark in USAC racing.

National Midget Champion in 1970 and runnerup to his late brother Danny in 1971, Jimmy concentrated his energies on the National championship circuit in 1972 and ran the midgets only occasionally.

His father, Doug Caruthers, is a former Indianapolis car owner and also a one-time midget and sprint driver.

The family suffered a tragedy in 1971 when Danny was injured fatally at Corona, Calif., when his throttle stuck during warmups.

Antioch's Track Team Is 'No. 1'

A yellow school bus drove through the downtown area last Tuesday night and a team of athletes stuck their heads out the windows and chanted:

"We're No. 1, We're No. 1."

They were Antioch High School's track and field team, which had just won the Northwest Suburban Conference championship.

Coach Gerry Sandberg's Sequoits scored 120 points in the two-day meet. They overpowered their chief rival, Woodstock, which finished second with 95 points.

Wauconda was third with 73 and the seven other teams were strung out behind.

INDIVIDUAL CHAMPIONS for Antioch were:

- Mike Jones, who won the 100 in 10.3, the 220 in 22.6, and the 440 in the fast time of 50.8. That was all on Tuesday. On Monday, Jones had won the long jump at 21 feet 5 inches.

- Mike Ware, who won the triple jump with a conference record performance of 43 feet 5 inches. Ware returns next year to improve on his mark.

- Mike Harland, who outran a tough two-mile field and broke the tape at 9:46. On the final lap he overcame a 30-yard lead by Woodstock's Bill Tambone.

FINAL STANDINGS included results of earlier dual meets and Antioch had a 9-0 record in those.

Placing second for Antioch in the conference championships were Kevin Walpole, who ran the mile in the excellent time of 4:30.8 to finish right behind Woodstock's Lloyd Kulisek. Kulisek also won the half-mile in 1:59 while Walpole ran third in 2:01.

Antioch's 440-yard relay team

HELPING DADDY COACH the Antioch High School track team this season was little Erik Sandberg. Coach Gerry Sandberg held the team's "mascot" as he checked performances with Richard Harland (left), father of distance runners Mike and Bill Harland. Mr. Harland received a special award at the Lions Club sports banquet for his contributions to the high school as an interested parent and citizen.

placed second and Sandberg called it a "super effort" since the team was performing without Jones.

DENNIS PEDERSON placed third for Antioch in the shot put, and the Sequoits' mile relay team tied for third.

Jones and three other Antioch

sprinters, Ron Gramer, Dave Moore and Karl Blumenschein, earned trips to last weekend's state meet by qualifying in the district.

But they were eliminated in the preliminaries at the state, where most performances were equal to those posted in major college meets.

Rain Checks Good At Lake Geneva

Rain made a return engagement at the Lake Geneva Raceway Sunday night and postponed the opening night of All-American Late Model Sportsman Stock Car racing.

Last Saturday night drivers were able to complete the time trials and got through nearly three races before heavy showers set in.

Bob Anzinger, McHenry, set fast time for the late model stock cars at 17.5 seconds and Keith McAllister, Bristol, was fast qualifier for the sportsman stock cars at 19.1 seconds.

The Trophy Dash, postponed from the previous week when all six cars crashed on the start, ran non-stop this time with Vern

Browne, Libertyville, winning in a 1973 Camaro.

Rain checks will be good for admission this Saturday night for the late model and Sportsman stock car racing or for the USAC Midgets Sunday night.

Generally, the midget races are accompanied with a price increase but due to the support of fans at Lake Geneva so far this season, Ray Toft of TAR Auto Racing, decided not to increase admission for this event.

Wilmot Races Rescheduled

GALS COMPETE THIS WEEK

Last Saturday started out as a great night of racing at the Kenosha County Speedway in Wilmot, but rain stopped the program as the time trials neared completion.

Despite earlier showers, more than 2,000 came out for the Interstate Racing Assn. schedule at the clay oval.

More disappointed than the fans was Jim Moulis of Johnsburg, who had the fastest qualifying time - a near-record of 17.7 seconds in his jet black No. 30.

The program (including time trials) has been rescheduled for Sunday evening, June 8.

Early point leaders in the super modified division include Dick Colburn of Muskego, Wis.;

FACES IN THE CROWD - Friends and relatives of Antioch's Little Leaguers flock to the games to cheer for their favorites. And sometimes the fans win, too. She can stop at the Antioch News office, 950 Main St., and we'll present it to her.

WHO IS THIS Little Leaguer? Our photographer's telephoto lens picked him out of the crowd, so he wins a \$10 savings account at the State Bank of Antioch. He should come to the Antioch News office, 950 Main St., and we'll make the arrangements.

LAST WEEK'S "Faces in the Crowd" were Margaret Purfeerst, who won a \$10 gift certificate at the Vault Restaurant, and Rob Crowell, who received a \$10 savings account at the Antioch Savings and Loan Association.

ANTIOCH TOWNSHIP LIBRARY REPORT OF EXAMINATION

For the Year Ended January 31, 1975

Board of Trustees
Antioch Township Library
Antioch, Illinois

I have examined the balance sheet (arising from cash transactions) of the ANTIOCH TOWNSHIP LIBRARY as of January 31, 1975 and the related statements of cash receipts and disbursements for the year then ended. This examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary.

In my opinion, the attached statements present fairly the financial position at January 31, 1975, arising from cash transactions, and the related receipts and disbursements for the year then ended of the ANTIOCH TOWNSHIP LIBRARY in accordance with generally accepted accounting principles applied to municipalities on a basis consistent with that of the preceding year.

Yours very truly,

IN MEMORIAM

It's been four long years since
 you've gone away. We miss you
 sadly, with each passing day.
 Though time heals the ache,
 your presence is felt so dear.
 For wherever we are a familiar
 whisper we hear. Wife and
 Mother - Grandma, too. With all
 our hearts, we do miss you.

In loving memory

Frank Colette Is Ordained a Deacon

FRANK COLETTE

Saturday, May 24, was a day
 of ending and beginning for
 Frank Colette.

On that day, when he was
 ordained a deacon in Holy
 Name Cathedral, Chicago, he
 completed two years of intensive
 study and entered into a
 new life of service.

The permanent diaconate is
 almost as old as the Catholic
 church, dating back to Apostolic
 times, but after the fourth
 century it ceased to be used.

In 1968 the Bishops of the
 United States voted to restore
 the permanent diaconate for
 married or single laymen, thus
 opening the way for men like

Mr. Colette to more fully serve
 their church.

Mr. Colette and his wife
 Grace have been residents of
 the area for 15 years, and
 presently live on State Line Rd.
 They have five children, Sister
 Marian Colette, Mrs. Carol
 Schwenn, Mrs. Janet Woods,
 Fran Colette and Frank Jr.

Mr. Colette will perform
 officially on the altar at St.
 Peter's for the first time on
 Saturday, at the 5:30 p.m. Mass.

He will be formally introduced
 to the parish following
 this Mass and all of Sunday's
 Masses at a reception in the
 church hall.
